Dear Business Leader:

The members of the Corporate Volunteer Council of Montgomery County are proud to present the Wish List Directory for 2003-2004 and hope that you will use it to make decisions about where your business can donate the goods and services that are needed by the non-profit community in Montgomery County. Montgomery County Volunteer Center

“Mobilizing people and resources to deliver creative solutions to community problems”

The Volunteer Center is the vital link between non-profit and public agencies that need volunteers, goods and professional services, and technical assistance and the individuals, businesses, religious organizations, and community groups who want to donate time, money, and expertise. The Center offers a wide array of free services to businesses including:

- Consultation on developing corporate community strategies based on a company's interests, goals, and motivation
- Developing group projects for employees
- Providing opportunities for companies to sponsor events, publications, etc. that assist the community and bring recognition to the company
- Identifying organizations in need of donations of goods or professional services

The Center operates a variety of programs in order to encourage every member of the community to become involved. These include:

- The Volunteer Clearinghouse is designed to help individuals find the volunteer opportunity that is right for them. The Center maintains a database of over 2000 volunteer jobs in over 600 public and private non-profit agencies. Referral specialists at the Center are available to meet with individuals to help them find the volunteer position that corresponds with an individual's skills, interests, geographic preference, and time availability.

- The Weekend/Evening (W/E) Program is designed for busy people who want to volunteer but who cannot make an ongoing commitment to a volunteer job. Volunteers in the W/E Program receive a monthly calendar of projects and then volunteer for group projects as frequently or infrequently as they want.
- W/E KAN (Kids Action Network) Volunteer is designed to involve middle and high school youth in group volunteer activities.
- The Retired and Senior Volunteer Program (RSVP) helps individuals aged 55 and older put their skills and life experience to work for the community by matching them with interesting and rewarding volunteer positions.
- The Language Bank provides an opportunity for people who speak English and at least one other language to translate on an occasional basis, helping people to get medical care, apply for social services, etc.
- Student Service Learning is mandatory in Maryland and the Volunteer Center maintains a list of all Montgomery County Public School approved volunteer opportunities. This list is made available to students through the annual publication of the Student Service Learning Guide to Volunteer Opportunities and on our Web site.
- Seasons of Service include Community Service Day, The Martin Luther King Jr. Holiday and Family Volunteer Weekend. These days of service bring the community together to work on a variety of projects.
- The Donations Hotlinks program matches businesses that want to donate new or used office furniture, equipment or supplies and the non-profit and public agencies that need the donations.

visual communication with style

We are a full service graphic design studio creating stylish solutions for enterprising clients. Our specialties include: ads, annual reports, brochures, event promos, logos, newsletters, packaging, publications and much more!

Dear Friends,

Non-profit organizations in Montgomery County contribute in countless ways to the quality of life for all of our citizens- from the arts and humanities to feeding hungry people, mentoring, to job training and support for seniors. These organizations work on a shoe string to bring best practice business strategies to the work of their heart and hands.

At Community Ministry of Montgomery County (CMMC) we have received many contributions of professional service, program supplies, service hours and financial gifts from our friends in the business community. At the annual wish list event, we have received development consulting from the Fehlig Group, free advertising from the Gazette, backpacks from Manugistics and meeting room space from the Holiday Inn.

The Corporate Volunteer Council's wish list is a prime example of how we non-profits leverage resources to benefit many people from all walks of life. In turn, we invest our resources in the community because there is some work best done simply because we are neighbors and because it is the right thing to do.

We have a growing number of corporate partners in Montgomery County saying yes to our work with their time, money and spirit. Thank you for your generosity.

Peace to you,

Becky Wagner, Executive Director

Community Ministry of Montgomery County
